

MILKY

WILKY

your next best
comfy friends

Milky Wilky was born in 2022, when we saw how much our little girl
loved the cozy sweatsuit we made for her.

She wore it everywhere, from the playground to the pillow fort.

We believe that kids deserve to feel comfy and happy in what they wear,
so we design our products with fun colors and patterns that they can mix and match.

As parents ourselves, we want to delight every child as if they were our own and
let them express their personality. We also want to make your life easier with
eco-friendly and durable products that last.

So come on in, all you playful kids out there! We're here to make your dreams come true...
