ABOUT US

NISAN

Nisan Triko has always dreamed for women who understand fashion, music, art, and travel, and live freely and stylishly. By turning these dreams into reality, we have brought a fresh, memorable breath to both knitwear and fast fashion.

SOPHISTICATED

Our collections, prepared in our 4000 m² factory in Bayrampaşa, Istanbul, meet our customers in our store in Merter. Competing confidently with leading brands in both knitwear and women's daily fashion, Nisan Triko continues its journey without compromising on the standards it has set. Since 1997, with our flawless and timeless designs, we have been adding a unique value to the style of modern, confident women and bringing a smile to their faces. Inspired by each of our customers, we passionately continue our mission to bring our collections to you.
