SUSTAINABLE  
FASHION

# WHO WE ARE?

Simurg Tasarım Tekstil has been established by Mrs Mukadder Ozden at 2005.

Company served its customers with consultancy and design services, until 2010. Then started to clothing production and export to World countries.

Company managing by Mrs Ozden and assisting by Mr Mahir Ozden today, both textile engineers for ~40 years.

Simurg exports various clothing products to Europe, US and Asean countries made from jersey, woven, flatknit or artificial leather materials.

It has experience on organic and sustainable products and production for almost 30 years; ~50% share of exports are sustainable products (organic and recycled).

Today, in 2500 sqm factory building in Izmir, Simurg works with an expert team for all production steps.

When necessary fashion design & graphic design assistance has been provided to customers.

# WHY SUSTAINABLE FASHION ?

Sustainable organic production experience in our company coming from 1994, when Mrs Özden was managing the first organic cotton product developer/producer company of Turkey.

At 2010 Simurg Tasarım has started to manufacturing/export after 5 years of consultancy services, so become a GOTS (Global Organic Textile Standard) member since that day. Then, OCS (Organic Content Standard), RCS (Recycled Claim Standard) ve GRS (Global Recycled Standard) certifications and respective productions has been added.

In example, 2024 production consist of 42% GOTS, 7% Recycled, 51% Conventional products.
