

# Perspective

FALL WINTER 25/26

## REFLECTIONS IN MOTION

“Reflections in Motion” tells a story of contrasts – nature’s quiet resilience meeting the bold vibrance of urban life. Infused with rich textures, graceful silhouettes, and flawless details, this collection captures the essence of adaptability, elegance, and timeless sophistication woven into every piece.

Each design reflects a harmony between the natural world and the vibrant energy of city life. Drawing inspiration from fall’s tactile warmth, these pieces merge urban sharpness with organic fluidity, creating silhouettes that embody strength and grace. The palette ranges from chestnut browns and forest greens to terracotta hues and the depth of black, taking you on a refined journey through every moment.

In its essence, the collection finds fluidity and balance in the modern woman’s movement. Seamlessly shifting from day to night, work to social occasions, each piece mirrors life’s multifaceted nature while maintaining its core of effortless elegance.

It’s a wardrobe rooted in modern minimalism – embracing the power of contrast, moving seamlessly between bold statement and understated grace. Whether it’s the structured elegance of a tailored wool coat, the fluidity of a draped dress, or the playfulness of unexpected textures, every piece invites you to embody strength, adaptability and timeless sophistication.
